## The Winds of War Arise

*Newsletter 11, Article 2, of the 2020/21 Aviv Cycle*

China is preparing for war, the US navy is in the Persian Gulf, armies are gathered in Central America prepared to come through our southern border, Washington DC is on lock down, and the Congress has now officially endorsed Biden as the next president, and is attempting to impeach President Trump 10 days before inauguration day, and trying to find a way to prevent him from being able to fire off any nuclear missiles.

America's enemies continue to make war against the United States by paralyzing its courts, by defunding its police, by disarming its citizens, by infiltrating its educational system, by corrupting its Congress, and by taking over key government positions. By shutting down its economy, by demoralizing its citizens, by perverting its youth, by dividing its military, by attacking and defaming its President, and by controlling its Media. By creating sanctuary cities for its illegals, by weakening its borders, by attacking its churches and synagogues, by destroying its small businesses, by refusing to look at evidence of election fraud, and now, by imposing DNA altering vaccines upon its populace to weaken and disarm them, first to volunteers, and then later, if the Biden administration has its way, forced upon those who refuse voluntary vaccination.

Half of America believes Biden to be their friend, and their President to be their enemy. The Americans to this day continue to be blind and oblivious to these blatant acts of war against their nation and to believe the propaganda against their President. They continue in their slumber in believing this all to be just a temporal crisis in some isolated corners of the nation created by some minor radical groups like Antifa and BLM, or by some distant electronic invasion of their elections from Russia or China. Or still believe this all to be just some liberals having a tantrum against conservatives that will somehow be worked out and settled through the courts and elections. They are like the proverbial frog that through incremental increases of the temperature is oblivious to the soon to boil waters that will ultimately bring about its death and demise.

But if Americans knew their history they would know that all this is all smoke and mirrors to deflect from the true culprit behind it all – the Pope and Jesuit armies of the Catholic church.

As the General of the Jesuit army once said, "*See sir, from this chamber I govern, not only to*

Paris, but to China, and not only to China, but to all the rest of the world – without anyone knowing how I do it.”; (Tamburini, General of the Jesuits).

And “*The Jesuits are a military organization, not a religious order. Their chief is the general of an army, not the mere father abbot of a monastery. The aim of this organization is POWER. Power in its most despotic exercise. Absolute power, universal power, power to control the world by the volition of a single man [the Pope].*” (**The Memorial of the Captivity of Napoleon at St. Helena, Vol.ii, p.62, by General Montholon**).

The motto of the Jesuits expressed in English is “*Always the same*”. That is, that throughout history they always uphold the same creeds, and use the same military tactics to overthrow governments and nations.

So before we can grasp the depth of the nature of the current events in our nation, and in the world, we must first understand the nature of the Catholic church, as declared throughout history by devout Catholics themselves.

Read these following quotes understanding that Pelosi, Biden, and most Democrats and blue state, blue city, governors and mayors, as well as 6 out of 9 members of the supreme court – and many, many others, are openly professed Catholics.

Let me give you a sample of this truth in action as voiced by a former Catholic. You fill in the blanks.

The Catholic Church from the beginning has seen the very existence of the United States as a formidable threat to her own existence. From the beginning she has perfidiously planted the germs of hatred and division between the two great sections of this country, and succeeded in dividing the \_\_\_\_\_ on the burning question of \_\_\_\_\_. That division is the Catholic Church's golden opportunity to crush one with the other, and then to reign over the bloody ruins of both. A favorite, long standing practice.

Catholicism hopes that the hour of her supreme triumph over this continent has come. She has ordered \_\_\_\_\_ to be ready with an army in Mexico to support from the south, and bids all Catholics to enroll themselves under the banners of \_\_\_\_\_ by joining themselves to the Democratic party.

Above everything, the order was handed down to oppose the election of \_\_\_\_\_ at all cost. And the Democratic press and media, almost entirely under Catholic control and the devoted tool of the Jesuits, has flooded the country with the most concerning accusations. They have called him \_\_\_\_\_, and a stupid \_\_\_\_\_, a bloody \_\_\_\_\_, a \_\_\_\_\_ tyrant, and much more. Rome has thoroughly searched out the English dictionary to find the most effective words and phrases to fill the people with contempt, hatred, and fear concerning him. But God has decreed that \_\_\_\_\_ should be proclaimed President of the United States.

If your filling in of the blanks has caused you to believe this was about President Trump and our current state of affairs in this nation with Antifa, BLM and the Liberal agenda, you have

guessed incorrectly. These words were not written today, but in the mid-1800's by **Charles Chiniquy**, who had been a Catholic Priest in the Church of Rome for 50 years before turning Protestant. And these words he recorded were not concerning President Trump and our current state of affairs, but concerning President Lincoln and the Civil War between the North and South over the issue – not of Black lives matter or of homosexual rights, but over the issue of black slavery.

Always the same. They always operate the same way with the same tactics, and with the same purpose – to overthrow governments and nations for the purpose of ultimately bringing them, in due time, into submission to the Pope as the supreme authority in the earth.

Here are some more quotes by Catholics themselves:

"The [Catholic] Church is of necessity *intolerant*. Heresy [other views] she tolerates when and wear she must. But she hates it, and directs all her energies to destroy it. If Catholics ever gain a sufficient *numerical majority* in this country, *religious freedom will end*". (**The Shepherd of the Valley**, *Official Journal of the Bishop of St. Louis*; Nov. 23, 1851).

"No man has a right to choose his religion"; (**New York Freeman**, *Official Journal of Bishop Hughes*; Jan. 26, 1852).

"The [Roman] Church...does not, and cannot accept, or in any degree favor, liberty in the Protestant sense of liberty."; (**Catholic World**, Apr. 1870).

"There is, before long, to be a state religion in this country, and that state religion is to be Roman Catholic, so:

1<sup>st</sup>, The Roman Catholic is to wield his vote for the purpose of securing Catholic ascendancy in this country. [*Today this looks like election fraud*]

2<sup>nd</sup>, All legislation must be controlled through the will of God – as unerrantly directed by the Pope. [*Today this looks like 6 Catholic supreme court justices, and numerous Catholic governors, mayors, and congress people*]

3<sup>rd</sup>, Education must be controlled by Catholic authorities, and under education, the opinions of the individual and utterances of the press are to also be controlled, and all other opinions are to be forbidden by the secular arm under the authority of the [Roman] Church, even to the point of war and bloodshed" (*father Hector*, **Catholic World**, Jul. 1870) [*Today this looks like modern day "censorship" of conservatives and Christians*]

"Cardinal Manning speaking on behalf of the Pope declared, I acknowledge no civil power, I am the subject of no governor, and I claim even more than this. I claim to be the director and supreme judge of the conscience of all men – from the farmer who tills the fields, to the Presidents who govern a nation, to the household that lives in the shade of privacy, to the legislators who make the laws for the nation – I am the sole, last, supreme judge of what is right and wrong. In addition, we declare, affirm, define, and pronounce it to be necessary to salvation to every human being, to be subject to the Pontiff of Rome [the Pope]". (*Cardinal*

*Manning, The "Tablet"; Oct. 9, 1864). [Today this looks like the shredding of the Constitution, and tyrannical leadership in blue cities and states]*

"If the liberties of the American people are ever destroyed, it will be at the hands of the Catholic clergy";(**Lafayette**).

"Undoubtedly, it is the intention of the Pope to possess this country. In this intention he is aided by the Jesuits, and all the Catholic Prelates and Priests."; (**Brownsen's Review, May 1864**).

*Concerning the position of the Catholic church regarding the Constitution of the United States.*

1<sup>st</sup>, That the most sacred principle of the United States Constitution is the equality of every citizen before the law. But the fundamental principle of the Catholic Church is a denial of that equality.

2<sup>nd</sup>, That liberty of conscious is proclaimed by the United States, a most sacred principle which every citizen must uphold. But liberty of conscience is declared by all the popes and councils of Rome to be a most godless, unholy, diabolical thing, which every good Catholic must abhor and destroy at any cost.

3<sup>rd</sup>, That the American Constitution assures the absolute independence of the civil from the ecclesiastical or church power, but that the Church of Rome declares, through all her pontiffs and councils, that such independence is impiety and revolt against God.

4<sup>th</sup>, That the American Constitution leaves every man free to worship according to the dictates of his conscience; but that the Church of Rome declares that no man has ever had such a right, and that the Pope alone can know and say what man must believe and do.

5<sup>th</sup>, That the Constitution of the United States denies the right in anybody to punish any other for differing from him in religion; but that the Church of Rome says that she has the right to punish with the confiscation of their goods, or with the penalty of death, those who differ in faith from the pope.

6<sup>th</sup>, That the United States have established schools all over their immense territories, where they invite the people to send their children, that they might cultivate their intelligence and become good and useful citizens. But the Church of Rome has publicly cursed all those schools, and forbidden their children to attend them under pain of excommunication in this world and of damnation in the next.

7<sup>th</sup>, The Constitution of the United States is based on the principle that the people are the primary source of all civil power. But hundreds of times the Catholic Church has proclaimed that this principle is impious and heretical, and that all government must rest upon the foundation of the Catholic faith – with the Pope alone as the legitimate and infallible source and interpreter of the law."; (*Former Priest, Charles Chiniquy, 50 Years in the Catholic Church of Rome, 1886*)

"Negroes have no rights that the white man is bound to respect"; (*Roman Catholic Chief Justice Taney, Dred Scott Decision*). [*Today we see this in the form of Black businesses being destroyed in the name of "Black Lives Matter"*]

"In the very near future, if God does not miraculously prevent it... the rights, the education, and the liberties of this too confident nation will be buried under a mountain of smoking and bloody ruins. On the top of that mountain, Rome will raise her throne and plant her victorious banners."; (*Charles Chiniquy, 50 Years in the Catholic Church of Rome*, 1886).

"...If it would benefit the cause of Catholicism, he [the Pope] would tolerate you, if expedient, imprison or banish you, he might probably even hang you. But be assured of one thing, he would never tolerate you for the sake of your glorious principles of civil and religious liberty; (*The Catholic "Rambler" Publication of England, Sept. 1851 Edition*).

"...it is not murder to kill excommunicated persons."; (*Roman Catholic, Lord Acton, in the "London Time" Jul. 20, 1872*).

This standard has never been recanted by the Catholic Church, and forms the basis as to why the Catholic Church can be "Pro-life", while at the same time endorsing abortion through devout Catholics like Pelosi and Biden - because they are only Pro-life concerning Catholic babies, all others are considered cursed offspring of heretics.

This is why Catholics are encouraged to have large families - to over populate the atheist and pagan nations they take control of through their proxy communist armies, and allow Muslims to have large families - to overpopulate the Protestant and Jewish nations they use the proxy Muslim armies to take control of. But because of the strength of Protestant America, they are using all proxies and resources available in their attempt to take the United States down.

"Protestantism has not, and can never have, any right where Catholicism has triumphed"; (*Catholic Review, Jun. 1875*).

"Religious liberty is merely tolerated until the opposite can be carried into effect without harm to the Catholic Church."; (*Rt. Rev. O'Connor, Bishop of Pittsburgh, see 50 Years in Catholic Church... p.286*).

"...While the state has rights, she has them only by virtue of, and by permission of, the Superior Authority, and that authority can only be expressed through the [Catholic] Church."; (*Catholic World, Jul. 1870*).

Again, the Jesuit armies of the Catholic Church do things "Always the same". And we are witnessing these things again being done with the same tactics today with President Trump and current division in the country having been created by the same tactics as used against Abraham Lincoln and the Civil War.

And even as in the Civil war, the Jesuits had the French army waiting at the Mexico border to aid the confederate armies of the south, even so they now have armed immigrants waiting in Central America to come up from the South upon Biden taking office - even as they used the

Muslim immigrants to raid Europe from the South. And yes, these armed immigrants in Central America have many Islamic members among them.

So you may ask "If Catholicism wants to take over America, then why would they use Muslims to do it. Why not do it themselves with a Catholic army?"

It is because war creates casualties and fatalities, so by using proxy armies like Islamic and communist armies to cause and receive the greatest battle field casualties, the hidden, underground Catholic armies remain fully intact and prepared to move in to take ultimate control after all the proxy armies have been decimated and weakened from doing their dirty work for them.

"...The invisible things of God can be understood through that which is seen"; **Romans 1:20.**

On the same note, the invisible things of spiritual warfare for our souls can also be understood through that which is observable in this world – and will soon be clearly understood and experienced by believers in America everywhere.

We are going to see how a strong walk in Yeshua holds up in darkness, and how a compromised walk holds up. We are going to see that being a strong believer is not about how much money you can make, or how many letters you can add to the end of your name, or how long you have been in the church – but about how seriously you have addressed the sin in your life, how seriously you have taken God's commandments, and how spiritually you have treated others.

Brothers and Sisters, the veneer is soon going to be stripped away from each one of us to reveal what is truly in our hearts, and to reveal just how seriously committed or seriously compromised each one of us is in our walk before our Most Holy God, Yehovah - and His Son, Yeshua.

If Biden succeeds in taking hold of the reigns of power then the proxy Islamic armies of the Catholic church are prepared for their invasion of America, just like they invaded Europe – except this time, unlike the Europeans, the Americans will have been critically weakened by the vaccine they are taking.

And for those believers who refuse the vaccines, they will use your refusal to run you out of the medical field, out of your teaching positions, out of your law enforcement positions, out of your military positions, and out of your government positions, and will fill your positions with atheist, with homosexuals, with foreigners, and with Muslims. And after the war is all over, then the hidden Catholic armies will arise to clean up the mess and fill those positions with their own people.

But first will come the proxy Islamic armies that will come out of the sanctuary cities, come up from the southern border, come from the blue states, and come from out in the country. The Scriptures state that Islam will have power over ¼ of the earth's population, and that they will kill with the sword, and that death and Hell will follow them wherever they go.

Iran will likely also strike America. All under Biden's watch in service to Catholic Church that he serves under. And out of all my dreams and night visions, I believe the night vision of New York being struck by a nuclear missile from the south will likely be the first vision to come to pass.

This is why they want President Trump out of power, because through the use of the US military he has the ability to stop everything except the prophetic strike on New York. But Biden is determined to allow our enemies to strike us down from every direction for the benefit of the Papacy.

But fear not, Islam already has their power over  $\frac{1}{4}$  of the earth, so they will not succeed in taking over America to expand beyond the  $\frac{1}{4}$  that Heaven has allotted for them. However, they will succeed in waking us up to the reality of spiritual warfare for our souls. They will succeed in showing us that true victory in Yeshua is not about making money, or prestige, or an otherwise good and easy life, but is a difficult life of sometimes continuous warfare for our souls.

Our nation is never going to be the same again. With or without President Trump matters not. The enemy is here to stay and to teach us how to fight for our souls through true spirituality, through true holiness, through true – uncompromising commitment to the Gospel, and to the Torah (the Law) of our God (not just to a mere 10 commandments).

From now on, to call yourself a believer will come with a price. No longer will the believer be able to look down on others because of their past, or because of their lack of education, lack of money, or lack of prestige, for the believer from now on will be too occupied with their own spiritual shortcomings and with their own need to be fully committed and true to the Faith to any longer believe themselves better than others.

It is the time where the previously outcast will shine forth for their integrity in the Faith, and where those who placed their trust in their outer veneer and stature or wealth will be stripped of all the wrong things they have put their trust into, so that they may learn through the fiery trials to come to place their trust fully in God, and in Yeshua who saved them - only.

I have mentioned prior, the Pope being the white horse - the one who pulls the bow string; **Revelation 6:2**. The Jesuits are his bowstring, and through his bowstring against the West he directs the atheists armies of communism, through the guise of liberalism and socialism, to create civil unrest. And then after the civil unrest has successfully divided and weakened the nation, he then directs the armies of Islam to come in to eliminate any religions that compete with the Catholic church and Islam, and install the new Catholic friendly order.

That is, he uses the communist armies to target the western nations to shake them civilly and politically, and to weaken the religious institutions of the target nation. He then uses Islam to destroy those weakened institutions to bring all people of faith in that nation into complete submission, and that presents Catholicism as a desirable alternative to Islam.

As such, BLM has been emphasized concerning the civil unrest, but as the Islamic armies begin their invasion, expect Antifa (just think “antifa-da / intifada”) will become the more

dominant. And yes, I do still believe that President Trump will succeed in remaining in power, but he will have his hands full, and his political foes will simply be replaced with military foes - military foes that would do even more damage if President Trump leaves office, than what they could do if he for some currently unforeseeable reason remains in office.

When Biden states after the arrival of the alleged vaccine cure that things are only going to become worse, and that it is going to be a "dark winter" with hundreds of thousands of deaths, you can be certain he means what he says, because this is the way the Jesuits have planned this, long ago, to take place.

They are at war with America, and they are past of the point of return. From here on out for each side, it is an all or nothing war, and it is only a matter of time before Trump and Biden use military force against each other.

And even if President Trump were to step down as he has implied he would after Congress officially certified Biden, it would only leave the American people to have to fend for themselves with little to no protection from the military. But if President Trump manages to hold onto power, which I believe he will according to the prophecy concerning the goat in **Daniel 8** (and though the protection from the military will not be perfect or complete), God's people will receive "a little help" **Daniel 11:34**, and "strongly resist"; **Daniel 11:32**.
