

## HIGH ALERT PROPHECY UPDATE

### ***The Prophetic Abraham Peace Accord has been made!***

President Trump has arranged the prophetic "Abraham Accord", and pledges to rebuild the Temple in Jerusalem next year.

*THIS IS THE MOMENT I HAVE BEEN WAITING YEARS FOR!*

In 1991 I determined from the Holy Scriptures that the year 6000 would fall in the year 2027. I eventually narrowed the initiation of the year 6000 down to Fall of 2027.

From there I took the Prophet Daniel's 70th week where the 7 year covenant would be made; **Daniel 9:27** (See also, "**Time Line 19**"), and determined that it would most likely be confirmed on Yom Teruach (Rosh Hoshanna/Day of Trumpets), with the Temple being built and dedicated by Pesach (Passover) 2021 (**See Time Line 7, "The 7 Year Covenant", and Time Line 18, "The 2300 Days of Daniel"**).

Then earlier this year I mentioned in a previous New Moon Report that President Trump declared a desire to rebuild the Temple in Jerusalem by 2021. And now today, Aug. 13, 2020, President Trump has created the "Abraham Accord" between Israel and the United Arab Emirates (UAE), and that an official "signing" by the delegates (parties to the Agreement/Accord) is scheduled to take place within a few weeks. YOM TERUACH IS ONLY 5 WEEKS AWAY! Everything is on schedule exactly as I reported God in His Holy Scriptures prophesied!

As such, I may possibly find it necessary to send out updates like this one in between New Moon reports so I can keep everybody up to date on these significant, historical, prophetic events in a timely manner. Please email me if you want to opt out these "extra" emails.

Meanwhile, *if this is* that time as it appears to be quickly materializing as, then the question remains, will it be confirmed on Yom Teruach by the original Biblical Aviv calendar, or by the currently used Hillel?

The 7th moon this year will have very good visibility (so far) on September 18, causing Yom Teruach to "biblically" begin most likely on the eve of September 18 and extend through the day time portion of the 19th. The manmade Hillel calendar this year begins Yom Teruach (Rosh Hoshanna/Day of Trumpets) on the eve of September 19th and extending through the day time portion of the 20th.

My guess is that because Yom Teruach is an Appointed Time of Assembly, that they would likely

plan to sign it before the Holy Day began. But in their minds, based on Hillel, that would not be until the eve of the 19th, and so they would likely sign it in the day time of the 19th just before their "Rosh Hoshanna" begins.

However, if that is the case, they would unwittingly have actually signed it on the true Biblical Holy Day of Yom Teruach/Day of Trumpets which lands on the day time portion of "the 19th", which in my mind is the more likely scenario.

On the other hand, it is also possible that the 7th New Moon will not be able to be sighted until the eve of the 19th. This would also be an interesting development, as this would cause the Biblical Aviv calendar and the Hillel calendar to actually come into alignment with each other this year - a very rare occurrence!

In this case I would think that the Accord/Covenant would be signed, purposely and with full awareness by the parties to the Covenant, on Yom Teruach/Rosh Hoshanna/Day of Trumpets - despite it being a Holy Day. I would say that they might even do so BECAUSE it is the holy day, because the "Covenant" includes a provision for President Trump to assist Israel in rebuilding the Temple. And so as a "Religious" peace covenant allowing for reconstruction of the Temple, the idea of signing it on a "Holy Day" might actually be desirable and preferable to them.

This covenant will also be signed by a "prince" who is related to the "people" who destroyed the Temple in 70 CE. Many people believe Rome did this, but the Roman armies actually used native people as mercenaries to carry out local battles, the people that the Romans used to destroy the Temple are today's Arabs. This "Accord" the President Trump has arranged is with the United Arab Emirates (UAE), and so is made with the same people who destroyed the Temple. And the Arab signer is referred to as "a prince", which is also interesting because the Arab people today are one of the few people in the earth remaining who use "titles of nobility".

However, the Scriptures state that this "Accord/Covenant" will be violated midway through; **Daniel 9:27**, and it is around this approximate time that "Man of Lawlessness/Son of Destruction"; **2 Thessalonians 2:3-8** will be revealed. It is interesting that the Moslems have stated that they will make 3 covenants with Israel, and that they will break the covenant and destroy Israel on the 3rd agreement.

Agreement #1 was with the "Oslo Accords", Agreement #2 was the "Israel, Jordan, Peace Treaty", and now you have covenant #3, the "Abraham Accord".

The Moslems also claim to have the "Ark of the Covenant". However, if what is inside the "Ark" are stone tablets with the "Traditional" 10 commandments on it, then know that it is a

counterfeit. See our e-booklet entitled, "**The 10 Commandments Deception**".

**Other Things to Come After this "Accord" is Signed.**

Iran and Syria will do something to make President Trump absolutely furious, and he will strike them with utter destruction in retaliation; **Daniel 8:1-7**. This is likely the time that Damascus will become a heap of ruins; **Yesh'yahu (Isaiah) 17:1**. See also, attached article "**See Newsletter #1, Study #2, President Trump in Prophecy**".

The heavens will be shaken causing the moon cycle to become temporarily erratic during the 1260 day period of prophesying of the two witnesses of **Revelation 11**. See also **Time Lines 20 and 22**.

The earth will begin rocking forwards and backwards in a very clearly noticeable way within the next few years as well; **Yesh'yahu (Isaiah) 24:18-20**. (It has already been wobbling over the last 10 years or so, but not enough for the untrained eye to notice, but that is going to change very soon).

New York will be struck by a nuclear missile. The timing I suspect will be sometime after the elections; see **Vision #3**. (They still need New York's electoral vote, but Jews and believers in New York should leave as soon as they are able).

The NW will be struck by a massive earthquake; **Vision #2** and Volcanic eruption; **Vision #4** within the next approximate 1 to 5 years or so. (I suspect sooner rather than later)

The earth will be struck by an asteroid type object sometime prior to Yeshua's return; see **Vision #5**.

And China will attack the USA from the West; see **Vision #1**.

**BEWARE Brothers and Sisters - WE ARE THE LAST GENERATION ON EARTH BEFORE YESHUA RETURNS, and that Wicked One knows that his time is short!:** Revelation 12:12; 14:12,13.
